JEFFREY DEWINE'S QUALIFICATIONS

- Professional musician (performing for a variety of audiences up to twenty-five thousand)
- Professional recording producer/engineer, live sound engineer, and stage manager
- Professional graphic artist

On composition, form, physical motion, weight, balance and texture:

- Specialty fine art, advertising design, landscape architecture training in High School & College
- Brand identity, album art & layout, promotional materials, web design (Infinote Music)
- Bonsai pruning and caring for flowers, fruit trees and succulents in my yard
- 80,000 lbs. limestone gathered from a local quarry and became assembled as part of a complex, intricate set of steps, landings, and natural stone wall. Completion of this project entailed landscape design and installation while nurturing plants into their new environment. www.infinotemusic.com/landscape

On 3D & Computer programs:

- Minimal CAD/3D printing software as technician 3D printers and headphones (Dan Clark Audio)
- Most all projects and repairs within Infinote Music require immense precise technical competency and computer literacy where needed
- Apple Operating Systems: Classic OS 8, 9; OS X 10.4-10.14 (excluding OS X 10.10)
- Logic Pro 8, 9, X, WaveBurner, Final Cut Pro X
- Adobe: Photoshop, Lightroom, Illustrator, InDesign, familiarity with Premier Pro
- Afinia Pro, Afinia Studio 3D Printer Software/Auto-CAD 3D Design Software

On communication, presentation, and time management:

- Privately contracted professional golf caddie; 13 years
- PGA, LPGA, Nationwide Tour and other events accumulating to +/- 2,500 rounds
- High profile clients, professional athletes, coaches, business executives; foreign language speaking clients
- Successfully caddied the winning team, 2007 John R. Williams National Amateur Tournament at Oak Hill Country Club in Rochester, NY.
- Some notable golf courses as a professional caddie;
CALIFORNIA; The Farms, at Rancho Santa Fe; Del Mar Country Club; Torrey Pines Country Club
NEW YORK; Oak Hill Country Club; Locust Hill Country Club

Ability to follow art direction but also demonstrate initiative:

- All fine or digital art cultivation, band Inclusions, collaborative productions, audio engineering and jazz musicianship speak for my ability to take art direction; while creative choices are of my initiative.

Ability to visualize a three-dimensional environment derived from two-dimensional drawings:

- Across hundreds of live or recorded sessions, notes on input connections and reading stage plots; information obtained from clients or touring bands were comprised as diagrams or sketches of a two-dimensional environment. Then set up in their three-dimensional environment to the specific requirements as follows;
 1. Considerations prepared in physics of sound
 2. Unique audio engineering techniques
 3. For visual aesthetic benefit, wherever possible
 4. Cable length requirements
 5. Inventory limitations were often self engineered
 6. Safety or specific accommodations of any stage members; crew and guests of band or venue

Ability to be self-motivated while working within a team structure:

- By nature of my profession, it is essential that I hear my team to allow the blending of pre-written material alongside improvisational phrasing.

Ability to prioritize multiple tasks in a dynamic work environment:

- Collaboration in planning and performing both National & International Music Tours, music releases and internal functions of Infinote Music
